- **SPECIAL RECOGNITION OF PROJECTS ADOPTING INNOVATIVE CONSTRUCTION MATERIALS / PRACTICES & SUSTAINABLE MEASURES.**

QUALIFYING CRITERIA

- The structure shall be located in Pune City / District.
- Land Registration Availability.
- Approval Documents from Competent authority (Gram panchayat, PMC, PMRDA, Architect, EC, MIDC etc).
- Plinth Checking certificate.
- Completion Certificate where applicable.
- Structural Stability Certificate from structural designer, where applicable.
- Quality Plan for the project.
- All necessary personnel should be available at site with necessary records for inspection by jury members.

The entries will be evaluated by a panel of expert juries with thorough project scrutiny based on all inputs/details provided against the stipulated criteria. Entries short listed on merit will only be visited for actual on ground assessment. Concerned project team needs to authorize access to the jury panel for carrying out necessary inspection of the shortlisted structure. The decision of the jury members will be final and binding. The juries reserve the right to reject entries without assigning any reasons thereof.
