## About the Indian Concrete Institute (ICI), Pune Centre

Indian Concrete Institute (ICI) is the premier professional body in India dedicated to the cause of concrete and construction technology. It serves as a knowledge-sharing platform for engineers, architects, consultants, academicians, and students by disseminating the latest advancements in concrete design, materials, and construction practices.

The ICI Pune Centre has been at the forefront of hosting technical seminars, training programs, and conferences that bring together thought leaders, innovators, and professionals from across the construction and infrastructure sector.

Building on the success of past editions, CEMCON 2026 presents a unique platform focused on case studies of path-breaking projects under the theme "Challenging the Impossible".

# THEME OF CEMCON 2026
